

Cambodia: Service and Culture, Global Education Network

June 2018 (two weeks)

The Course: GLS-120 Education Experience Abroad (3 credits)

This Global Education Network (GEN) Program will begin with a three day orientation in Singapore where you will meet your peers from Australia, Canada and Singapore before traveling to Cambodia to complete a service project. This program combines service with structured learning through the execution of a local community project. The objectives for this program are to enable the participants to apply their skills and knowledge to address real-life needs in the global community and increase the participants' awareness on social matters.

The Destination:

Bordering Vietnam, Thailand, and the South China Sea, Cambodia is known for its warm and inviting people. The country's history and culture make it a favorite destination for travelers from around the world. The country's population of over 15 million people has struggled with numerous challenges and social issues due to the country's tumultuous history dating back to the Khmer empire pre- 1000 AD. Today you will find a vibrant and exciting place with beautiful temples, glittering palaces and historic archaeological sites.
