Experience
Abroad

- 3 credits
Summer 2017

A scenic landscape featuring a winding asphalt road that curves through a lush green environment. On either side of the road are vibrant yellow fields, likely rapeseed, bordered by dense green hedges. In the background, a line of trees marks the horizon under a bright, slightly hazy sky. The overall scene conveys a sense of a peaceful journey through nature.

The City-State

Located in southeast Asia, Singapore is an island that encompasses only 270 square miles with 4.6 million residents. Without any natural resources of its own, Singapore's resource is the people. Their leadership plans to make Singapore the destination for quality higher education. Singapore represents a merge of Malaysian, Chinese, Indian and Euro-Asian cultures, creating a diverse land with many choices for food and entertainment. With year-round weather between 70 and 90 degrees, Singapore has a lot to offer. You may enjoy world-class shopping on Orchard Road, a trip up in the Singapore Flyer – the world's largest observation wheel – or a day at Sentosa Island, boasting beaches and the Underwater World Oceanarium.

The Course: GLS-120: Education Experience Abroad

The Global Education Network is a collaboration of premier postsecondary education institutions providing students with an international learning experience for employment in a global economy. The Institute of Technical Education (ITE) is Kirkwood's GEN partner for this program. This three-week study abroad course has a special design linked to your particular area of study, whether it be web design, graphic design, early childhood education, culinary arts, business or any other area ITE supports. GFN will design a specific itinerary related to your program, including:

Announcements

Questions about study abroad?
